

Pressure Relief Valve Selection

Company Name:	Date:
Contact Name:	Telephone No:

Valve Type (Tick Box)	
Free (Atmospheric) Discharge - Complete Sections 1 & 3	<input style="width: 100%; height: 20px;" type="checkbox"/>
Piped Discharge - Complete All Sections	<input style="width: 100%; height: 20px;" type="checkbox"/>

Section 1	
Method of Operation (Tick Box)	
Standard (Without Ring)	<input style="width: 100%; height: 20px;" type="checkbox"/>
Ring Operated	<input style="width: 100%; height: 20px;" type="checkbox"/>
Lever Operated	<input style="width: 100%; height: 20px;" type="checkbox"/>
Pneumatic Opening	<input style="width: 100%; height: 20px;" type="checkbox"/>
Pneumatic Sensor	<input style="width: 100%; height: 20px;" type="checkbox"/>

Set Pressure in bar (Please specify)

Material of Construction Incl. Wetted Parts (Tick Box)			
Brass	<input style="width: 100%; height: 20px;" type="checkbox"/>	Stainless Steel	<input style="width: 100%; height: 20px;" type="checkbox"/>
Stainless Steel/Brass Mix	<input style="width: 100%; height: 20px;" type="checkbox"/>		<input style="width: 100%; height: 20px;" type="checkbox"/>

Inlet Connection Size and Type (Please specify)
(Refer to Brochure on website or enquire on availability)

Seals (Tick Box)	
Metal -196/+250 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
EPDM -50/+150 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
Kalrez -20/+275 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
NBR (Standard) -10/+100 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
Viton -20/+200 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
PTFE -196/+250 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
Silicone -60/+200 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>
Peek -40/+200 Deg C	<input style="width: 100%; height: 20px;" type="checkbox"/>

Section 2	
Outlet Connection Size and Type (Please specify)	
(Refer to Brochure on website or enquire on availability)	

Section 3	
Process Media (ie. Water, Air, Co2, Refridgerant....)	Flow Rate in kg/h.

Certification (Tick Box)	
CE	<input style="width: 100%; height: 20px;" type="checkbox"/>
Atex	<input style="width: 100%; height: 20px;" type="checkbox"/>
3.1 Material	<input style="width: 100%; height: 20px;" type="checkbox"/>

ASME	<input style="width: 100%; height: 20px;" type="checkbox"/>
Canadian Reg CRN	<input style="width: 100%; height: 20px;" type="checkbox"/>
EAC	<input style="width: 100%; height: 20px;" type="checkbox"/>
